

Technical drawings of the L-shaped glass-to-metal fastener assembly:

- Top View:** Shows the L-shaped fastener with a central hole of diameter $\varnothing 16$. The overall width is 45 mm. The distance from the center of the hole to the inner corner is 25 mm. The glass thickness is denoted as G .
- Side View:** Shows the fastener's profile. The total height is 45 mm. The distance from the top surface to the center of the hole is 25 mm. The fastener has a thickness of 4 mm. The glass thickness is G .
- Isometric View:** Shows the 3D assembly of the fastener and the glass plate it secures. The fastener has a height of 45 mm and a width of 45 mm. The glass plate has a thickness of 4 mm.
